

# 4-Way Table

The 4-Way Table provides an engaging display that is visible from all sides. Unit is fully mobile and can be configured with other units in your library.

At lower level, the book shelves are angled back for face-on presentation. On the table top, books can be stacked and can be further enhanced with a Table Topper.

Directional & promotional graphics give impact & make the 4-Way work hard. Reader reviews added to a magnetic panel on the Table Topper can further personalise this unit.

All our Library Furniture is designed & manufactured to conform to BS5459 & BS7176
